Canal Basin Brew is a light and refreshing Pilsner that's perfect after a long ride on the Towpath Trail. Historic beer style meets modern brewing, this pilsner pays tribute to Canal Basin Park, the site where the 1832 Ohio & Erie Canal met the Cuyahoga River and the future home of a riverside park that will tell the story of Cleveland's growth. Crack a can with Canalway and Heinen's in celebration of the past and future of Canal Basin Park!
